OFFICE OF THE  
DIRECTOR

Deer Damage Assistance Program Participant:

Enclosed is a Renewal Application for the Deer Damage Assistance Program (DDAP), please complete and return the application form and all other requested information (if needed). Enrollment in this program allows you to:

1. Hunter's can use antlerless deer damage tags during all deer seasons to shoot only antlerless deer on permittee's property enrolled in the DDAP. These additional tags will be provided free of charge by the Division of Fish and Wildlife.
2. Hunters are authorized to use shotguns during the muzzleloader seasons to shoot only antlerless deer on permittee's property enrolled in the DDAP. **If a hunter wants to harvest a buck he/she must use a muzzleloader.**
3. Hunters are authorized to use crossbows during the archery season to shoot only antlerless deer on the permittee's property enrolled in the DDAP.

To better understand which portions of the state are receiving intolerable damage we are trying to plot where all of the enrolled DDAP farms are on a map. If we notice clusters of enrolled farms we can better identify our problem areas and begin to target our harvest efforts in those areas. To accomplish this task, you will need to provide a tax parcel number for the property(s) where the DDAP tags will be utilized. Tax parcel information can be obtained by visiting the appropriate office or logging on to the applicable website for your county (on back). NOTE: If you already submitted your tax parcel numbers last year, and you aren't making any changes this year, you do not need to resubmit this information.

Once received, applications will be reviewed and if approved you will be mailed a permit and an allotment of antlerless deer damage tags. If you have any questions regarding the DDAP please contact, Joe Rogerson (302) 735-3600.

Please return all information to:  
Joe Rogerson  
Division of Fish and Wildlife  
6180 Hay Point Landing Rd  
Smyrna, DE 19977  
Fax: (302) 653-6755

Sincerely,

Joe Rogerson  
Deer & Furbearer Biologist
